### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art made of record neither disclose nor suggest a method and a battery charger for charging a first battery voltage rating with a charging system for recharging a second battery having a second voltage rating comprises, *inter alia*, a relay switch connected between the first and second batteries, a timer connected to the relay switch and a voltage monitor detects voltage of the first battery wherein the voltage monitor causes the relay to remain open when the first battery reaches a threshold minimum voltage. The method further defines a step of connecting one of a plurality of first batteries to the second battery for a predefined period of time if the voltage of one of the first batteries is less than the threshold minimum voltage.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication should be directed to the Examiner at the below-listed number.
